

## Water Safety

---

### Purpose of this Policy

That School Support Services ensures the safety of children when interacting with water-based activities at the program.

---

### **School Support Services Educators will:**

- Adequately supervise children at all times during water-based play
- Educate children on the safety guidelines set by educators surrounding the water-based activity
- Fill water-based play activities to a safe level
- Conduct visual safety checks of the indoor and outdoor space at the program
- Empty containers, cleaning buckets and troughs after each use
- Limit the amount of children to ensure adequate supervision can be ensured at all times during water play

**Volunteers and students, while at the OSHC service, are responsible for following this policy and its procedures**
